PROF. LYONS RESIGNS.

The Custom House Now Without a Weigher and Guager.

The resignation of Prof. Lyons of Panahou as weigher and guager in the custom house went into effect on the 1st inst. Prof. Lyons is going into business for himself. In him the Government lost a very faithful and valuable servant. Port Surgeon Stratemeyer has been doing the guager's work in connection with his own during the past week. He formerly held that position, and performed the duties in a very satisfactory manner.

Prof. Lyons' successor will probably be appointed in a few days. The position is not an easy one to fill.

WHAT THE BAND WILL PLAY.

This afternoon the Government band will render the following program at Emma Square:

Overture—King's Lieutenant The Waltz—Sultana Bocalossi Selection—Ernani Verdi March—Minneapolis Exposition (new) Brooke Gavotte—Captivating (new) Tolani Medley—Musical's Reverie Beyer Hawaii Ponoi.

The Sunday afternoon concert at Ma-kee Island comprises the following program:

PART I.

Overture—La Dame Blanche, Boieldieu (a) Reverie—Vieuxtemps Mendelssohn (b) Spring Song Kuhn Melodies of Northern Europe Kuhn Overture—William Tell (by request) Rossini

PART II.

Cornet Solo—Grand Fantasia, Duhon Mr. Charles Kreuter. Selection—Tannhauser Wagner Fantasia—In the Chapel Ellenberg Finale—Hungarian Brahms Hawaii Ponoi.

"DOMESTIC."

There is no necessity to add the words sewing machine in speaking of the "Domestic." Every housekeeper knows that the "Domestic" is what L. B. Kerr claims it to be—the best in the world.

The moonlight nights are best enjoyed on a wheel. New wheels for rent by the hour, day, week or month. Pacific Cycle & Manufacturing Co., Love Building. Telephone, 325.

Curry Line Farm Horses.

Horses on the farm do not have the sleek look that horses in the city livery have. Neither will they accomplish so much work. The difference is partly owing to the fact that the horse in the city has a large proportion of grain, while the farm horse, even while working, gets most of his nutrition from hay. But grooming has also a great deal to do with the superior sleekness of the city horse's coat. The currycomb is not so much used as it should be on farm horses.

We know, says The Prince Edward Island Agriculturist, many places where the brush and currycomb are seldom used, except while the horse is shedding his coat. But used at any time it promotes the secretion of oil, which moistens the coat and makes it shine. A well groomed horse is usually well fed. But if the grooming were thoroughly done at least once a day, the horse would keep in good condition with less food than it now receives.

Good grooming undoubtedly aids digestion, as rubbing the body promotes digestion in people, and is an excellent substitute for exercise for those who do little muscular work.

The Old Scheme.

Just as the physicians who had been in consultation seemed about to reach an agreement the patient died.

"Fine subject," said one of the physicians as they gathered about the bed. "Splendid," echoed another. "Seem too bad to waste it by burial."

"Why should we?" asked the third. "As we have to do is to get up a violent dispute as to the real cause of death in order to get a chance to dissect it."

And so they worked the old scheme again.—Chicago Post

NEW STORIES RETOLD.

Certain members of the Chamber of Commerce were discussing the ability of Germans to drink beer, and one of them offered to wager that any Teuton out of a crowd at work on a building near by could drink a gallon of lager without stopping. The party approached a sturdy-looking stone mason, and the sporting man asked:

"Will you drink a bucketful of beer if I pay for it?" The mason thought a minute. "Well, I drink it if I can. I don't know, though, if I can. You wait a minute." He disappeared into Port street, but returned a moment later, smiling. "All right," he said, "I was ready." They went into an adjoining saloon and the Teuton drank the gallon of lager without a wink. Coming back to his mallet and chisel, he said: "I was not sure if I could drink a pail of beer or not, so I went into The Criterion and tried a glass of Rainer first."

If you have not sufficient belief in the merits of your goods to advertise them, how can you expect the public to buy them.

GRADING CONTRACTS LET**WORK ON WAIALUA EXTENSION SOON TO BEGIN.**

Building Material Now All On the Way—Three New Locomotives Ordered—Plan of Work.

All of the contracts for grading the Waialua extension of the Oahu Railroad have been let, and the contractors are already at work transferring their teams and implements to the scene of operations. The work is to be pushed as rapidly as possible, and General Manager Dillingham expresses the belief that the road will be completed and trains running from Honolulu before April 1, 1898.

The extension adds 24 miles to the length of the road. It is through a mountainous country, some parts of which can now only be reached by the sea. For a distance of four and a half miles the road must be cut out of the solid rock. For the purpose of facilitating and rushing the work, the grading has been divided into four different sections, and each section let to a different contractor. The contractors are W. H. Norton, C. Jensen, John Wilson and Armstrong & Andrade. They will commence work as soon as their tools can be transferred to the scene of operation.

All the material necessary for track building will be on hand by the time Naunau, which left New York on the 15th ult., for this port, has on board a consignment of 49-pound American steel rails. Two more consignments will follow in other sailing vessels, amounting to 39 miles of track. Over 30,000 ties are already on the ground at Waialua, and 60,000 more have been ordered and are on the way. The bridge and other building material is already on hand.

Two new 30-ton locomotives of the best make and supplied with the latest improvements, have been ordered from Baldwin's, and also an 18-ton locomotive. The heavier locomotives have a hauling capacity of 900 tons. These will all be here before the opening of the road. With the five locomotives already in service, the road will have all of the locomotives it needs for some time to come.

Manager Dillingham is enthusiastic over the Waialua extension. He says

it will open up some of the finest land in the island. As a scenic route it will be unsurpassed. With the Waialua extension, the road will have a total length of 55 miles.

THE BASEBALL MUDDLE

(Continued from Page One.)

"I have always argued that the League itself is not properly constituted. Let it be a permanent body of, say, seven men. At the beginning of each season admit two delegates from each club. This would throw the control outside of the clubs, where it ought to be. Let all appeals from the players be referred to a committee composed of the permanent members. It would then be impossible, as in the present case, for a rival club to profit by its own decision."

The St. Louis College Club now leads for the season's pennant. The Regiment team stands second, and the Stars a poor third, having won but two games.

REASONS WHY CHAMBERLAIN'S CHOLERA AND DIARRHOEA REMEDY IS THE BEST.

1. Because it affords almost instant relief in case of pain in the stomach, colic and cholera morbus.
2. Because it is the only remedy that never fails in the most severe cases of dysentery and diarrhoea.
3. Because it is the only remedy that will cure chronic diarrhoea.
4. Because it is the only remedy that will prevent bilious colic.
5. Because it is the only remedy that will cure epidemic dysentery.
6. Because it is the only remedy that can be depended upon in cases of cholera infantum.
7. Because it is the most prompt and most reliable medicine in use for bowel complaints.
8. Because it produces no bad results.
9. Because it is pleasant and safe to take.
10. Because it has saved the lives of more people than any other medicine in the world.

PUBLIC LANDS NOTICE.
Notice is hereby given that 13 lots in Awaiki, Kohala District, Hawaii, may be applied for under special terms of payments and improvements, after this date and until Saturday, July 24th.

Any of these lots not applied for under special conditions, before July 24th, will on or after that date be open for application as right of purchase, leases or cash freeholds.

For further particulars apply to CHAS. WILLIAMS, Honolulu, Hama-lua, or at the office of Public Lands, Honolulu.

J. F. BROWN,
Agent Public Lands,
July 9, 1897.

PUBLIC LAND NOTICE.
On Saturday, July 24th, at 12 o'clock noon, at the office of E. D. Baldwin, Hilo, Hawaii, will be sold at public auction, under special conditions of payments and improvements, 5 lots in Puna, Hawaii, as follows:

Lot.	Acres.	Upset Price.
11	89.50	\$492 25
12	96.90	\$484 50
14	99.20	\$548 00
KUPAHUA.		
3	28.00	\$42 00
4	24.00	\$72 00

Purchasers must have qualifications and make declaration as required under Land Act.

Full particulars as to the above may be had on application at office of E. D. BALDWIN, Hilo, or at Public Lands Office, Honolulu.

J. F. BROWN,
Agent Public Lands,
July 7, 1897.

NOTICE TO HACKMEN.

Notice is hereby given that in the Rules and Regulations to be observed by licensed carriers of passengers in the District of Honolulu the following rules relating to rates of fare have been amended, so as to read:

13th—To or from any point in or between Bereania street and the harbor and between Maunakea street and Punchbowl street, for either one or two passengers, 25 cents. For each additional passenger, 10 cents.

14th—To or from any point between the second bridge, Nuuanu avenue and Kunawai lane on Lihua street and the harbor and between the Reformatory School on the Ewa road and the line of Victoria street on the Waikiki side, not exceeding one mile from the starting point, for each passenger, 25 cents.

The above amended rules to take effect from and after July 15, 1897.

J. A. KING,
Minister of the Interior.
Interior Office, July 8, 1897.

They All

"There are fads in medicine as well as in other things," said a busy druggist, "but the most remarkable thing about Hood's Sarsaparilla is that customers who try other remedies all come back to Hood's, and this is why the enormous sales of this medicine keep up while others

Come

and in a short time go out of sight entirely, to be heard from no more."

"Why is it?" "O, simply because Hood's Sarsaparilla has more real curative merit than any medicine I ever sold."

This is of daily occurrence in almost every drug store. Hood's Sarsaparilla is the standard remedy which has cured more sickness, relieved more distress and made more happiness by bringing people

Back to

health than any other medicine. Its wonderful cures of the worst cases of scrofula, running sores, ulcers, salt rheum, etc.; of dyspepsia and other troubles where a first class tonic and aid to digestion was needed; of catarrh, rheumatism, malaria and other troubles arising from or promoted by impure blood, have made

Hood's Sarsaparilla

The standard—the One True Blood Purifier.

Hood's Pills are the only pills to take with Hood's Sarsaparilla.

WHAT WE KEEP STORE FOR.

To make money.
How do we keep store? To make money.

What do the rest of 'em keep store for? To make money.

How do they keep store? Some to make money, some to lose it.

Whence the difference? Different notions of how to make money prevail. Some think that the way to make money is to make as much as they can; they lose it.

We make money by making so little that nobody minds it—little and often—a little trickling stream.

We make money by keeping the best of clothes. Did you ever hear of better than those

with this label under the coat collar?

Your money back if you want it; but you won't want it. What so good other use can you make of it? Still it is yours, and we never forget it.
